P. F. Cama & Cv.) E. H. POLLARD, Esq. The Scheme of a Local Bank for this Colony with Branches at the most important places in China, has been in contemplation for a vary long period.

The local and foreign trade in Hongkong and at the open ports in China and Japan has increased so rapid y within the last few years that additional Bunking facilities are felt to be required. The Banks now in China being only branche of Corporations whose head quarters are in Eng-

land or India, and which were formed chieff with the view of carrying on exchange operations between those countries and China, are scarcely in a position to deal subisfactorily with the local trade which has become so much more extensive and varied than in former years. This deficiency the Hongkong and Shanghai Banking Company will supply, and will in fact assume the same position with relation to this Colony as the Presidency Banks in India, or the Hanks of Australia in their respective localities. The Establishment of a Mint in Hongkong providing an adequate supply of proper currency, will render a local Banking medium essential to carry out its operations, and the almost certain

Bills and grant Loans to constituents on approv- (so far as money is concerned) will also ensure Banks becoming in course of time the exclusive Money received on deposit for fixed periods at medium for the transaction of the monetary ope-For the anticipated success of this enterprise there are therefore ample grounds, and the great prosperity which has attended the working of other local associations in China clearly shews that the largest profits are obtained by those Public Companies which possess an interested cal body of Proprietors or Shareholders whose support naturally forms a chief element of remunerative success.

The Bank will commence operations simultaneously in Hongkong and Shanghai and as the im-portance of its business at the latter place must be very great, it is intended to establish a local Board of Directors there for more effectually meeting the work. As circumstances lender it advisable the Bank will establish Branches at other In the distribution of Shares Hongkong and Shanghai will equally participate. Shares will also be reserved for the other ports in China and Japan and for persons residing elsewhere, who are directinterested in the China Trade. Applications for Shares must be addressed until

THOS. SUTHERLAND

Supermitendent. Peninsular & Oriental Steam Navigation Company's Office. Hongkong, 30th July, 1861.

PENINGULAR & ORIENTAL STEAM NAVIGATION COMPANY NOTICE OF REDUCTION OF PASS AGE MONEY.

IN the year 1807 the Directors made a considerable reduction in the Company's rates of Passage Money, which continued in force till 1861. In that year, owing to the extraordinary rise in the Cost and Freight of Coals, and the enhanced price of all descriptions of Naval Stores, the Directors were reflectantly compelled to return to the rates of Pessage Mency previously in force They are now happy to state that a decrease i the price of Conland other expenses of Steam Navigation enables them to reduce the Company's Passage rates to the undernoted scale, which will take effect from and after the let June next, viz :-- |
